Staff award went to Kerri-Lee Briar

Broken Hill PSSA Athletics Carnival

Last Thursday and Friday Miss Halpin, Daniel and I had the opportunity to take a number of our primary students into Broken Hill for the Barrier Athletics carnivals. I was very proud of the effort our students made and the sportsmanship within the MCS team.

Congratulations to Fiula for coming 1st in discus and 1st in shotput, setting a new record of 10.85m in his age group; Cheyenne for coming second in both her 100m and 200m heats and for Isiah for coming 3rd in high jump, 1st in his 200m heat and second in his 100m heat, making it the final but unfortunately just missing out on a placing.

Omarian, Kevin, Isiah, Malachy, Cohan, Fiula, Tyson, Mia, Brandi, Kieharni, Lupita, Chloe and Cheyenne should all be very proud of themselves for making it to that level and for their behaviour and participation at the carnival.

Well done team! - Miss Wright

In another area of the cooking room were Mel (from Catholic Care), Ashley & Sharneya making delicious looking Chicken Burgers. Roshell made Pizzas.

Around the school in week 4

Tyson M & Mitchell enjoying some quality time in the sunshine.

Art work that students were creating last week with Blake Griffiths from the Broken Hill Art Gallery.

The cooking room was a hive of activity last Friday with Ms O'Rourke & years K-1, 4-5-6 baking delicious pumpkin cup cakes for students & staff.

Letter from the Rhine

The ships passed me by, like they have done many times before. The names of the river vessels, mainly coming from the Netherlands fitted with the red, blue and white national flags. All are going somewhere to do something useful for this "Fabrik" or that.

When you are on holiday you either go cycling("Fahrrad Fahren") or hiking ("zu wandern"). The Rhine River on weekends are blockaded by families wanting to ride the many bicycle tracks. At the moment the pastures which are normally generally green have turned yellow because of the change in weather pattern. The grass covered dikes that line the rivers to protect the houses from flooding are sometimes covered with sheep in places. This is a strange sight to see when they are close to large city centres. Here there is an attempt to bring the country to the city and not the other way around.

During the summer many go to lakes to sunbathe as there are so many months when the country is covered with cloud or are darkened by shorter days. One stands in line at the gate and you talk to the next person who may be pulling a trolley full of sunbathing and other recreational equipment.

In Northern Germany I went to an interesting island that has banned petrol vehicles. Some businesses have people on bicycles to deliver goods for clients or companies renting bicycle trailers to help tourist move their luggage around.

Hundreds of wind turbines spread across the coastal horizon to catch the winds from the North Sea. I saw this as we were traveling home on the ferry. Behind our group there were people speaking in "blad Deutsch", a mixture of German and Swedish/Danish which no one here seems to understand. Looking out at the seals that rest on the low tide sand bars that go on for kilometres; I wonder how they see us?

All the best

Warren (Wazza) Dryden
