OCTOBER 2018 TERM 4 WEEK 2

Drumbeat Workshops

Principal's News

Week two has started with a hive of activity. Today the students from years 4 to 10 will be working with the STEM Share and T4L teams learning how to use drones to gather data (See photos).

There will be a meeting at 4.00pm this afternoon in the Connected Classroom for students in Year 11 and their parents/ to discuss the overseas trip next year. It is vital that all students and a parent/carer attend.

Tomorrow there will be a primary parent meeting from 11.30am to 1.00pm to discuss the Child Protection Units to be taught this term. Each classroom teacher will talk about the content of the Child Protection lessons they will teach their class.

The years 2/3/4 class will be going on their excursion to Silverton on Thursday morning and returning Friday afternoon. I'm sure the students will have lots of fun with Jessie Wright, Renay Williams, Steph Halpin and Mr Foskett.

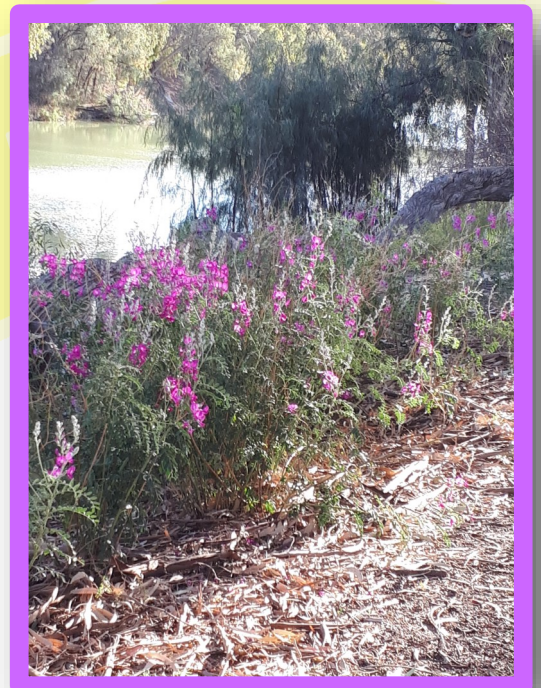

Last week Adam and I attended the State Access Meeting in Sydney. At this meeting it was highlighted that 2019 will be 30 years since Access started. In order to celebrate this achievement MCS is going to collate a book with all present and former students. If you help contact any former students please let us know.

Until next week,

Fiona

STEM Drone Workshops

Staff and Students with visitors who are running the STEM Drone Workshops

DRUMBEAT

This term the DRUMBEAT program is running at our school. DRUMBEAT stands for Discovering Relationships Using Music, Beliefs, Emotions, Attitudes and Thoughts. It is a program that teaches students how to play the djembe & work in partnership with one another.

DRUMBEAT is running every Wednesday periods two, three & four. The lucky classes that have been chosen to participate in this program are Ms Wrights Class, Mr Amos Class and years seven, eight and nine.

Rebecca and Kelsey from DRUMBEAT kicked the program off last Wednesday. It was a hit! They learnt about the Djembe (pronounced Jembay) and how to play a slap and a tone. Students also participated in lots of call and response activities.

Hopefully with enough practice, students participating in this program, will be able to learn a song or two to perform at the Christmas Concert at the end of the year.

Here are some snaps of last week's workshop!!

A message from Tracey Dodimead, CEO Robinson College

Community Services Obligation (CSO) Funding for Drought Affected Families and Communities

Are you a farmer, family member, employer, employee, community member or a product provider who has been affected by the drought in the Far West Region?

This is your invitation to access fully funded accredited training of your choice to upskill yourself or your workforce.

The NSW Department of Industry, NSW Government have provided funding through Robinson College for any Farming families or Business who provide a service to **or** are a Drought Effected Farming family.

This funding provides the opportunity to skill, re-skill or up-skill your workforce, yourself or clients in this region with any training product on the Robinson College scope of registration. This might mean high-risk tickets, a cluster of short courses or a more substantial part qualification.

Objective:

To provide the opportunity for drought affected communities and the farming sector to gain the qualifications they may require to access additional employment opportunities.

Robinson College can even come to your location for group training!

The funding includes businesses and people:

- Who live in drought affected areas; and/or
- Provide a service to the farming sector; and/or
- Live and or work on farming land and/or
- Are involved in farming activities; and/or
- Support farmers in their day to day work activities in the field.

What to do next!

- Contact Christine Stokes on 08 80876022 or email on christine.stokes@robinsoncollege.nsw.edu.au

Contact Robinson College RTO90449 on 08 8087 6022 to enquire.
